# Transformation Update

## Overview of January 7 Meeting

We had a brief recap of the December 2, 2008 meeting.

We reported on the feedback from our constituent groups.

We approved an Ethnic Minority and Retired Member to the team.

We discussed our direction for today's meeting and went over the themes we will be working on for the next three meetings.

Those themes include:

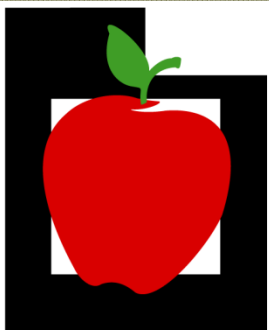

Membership	Unity
Communication	Leadership
Engagement	Systems
Technology	Image
Proactive	New Teachers
Listen to Members	Advocacy
Assessment	

Themes discussed during this meeting were Membership, Proactive, Engagement, and Assessment. The groups discussed these subjects before reporting back to the Transformation Team as a whole. Reports were given on each of the themes and time was taken to clarify and have any questions answered.

### NEXT STEPS

Team members will continue with their constituent groups and invite their input for future meetings.

We will continue with data analysis and look at other themes at the next meeting, which will be held on Wednesday, February 4, 2009.
